

Road to \$110MM

Total Timeline: 24 years; Goal: \$110MM by 2050

1. Work on startups in college (\$100,000 - \$300,000 by graduation)
2. Get job experience during undergrad and master's
 - a. Baylor College of Medicine – Ray Lab (\$4,000 - \$5,000) [Summer 22 – Fall 22]
 - b. NASA (\$11,000) [Part Time: Spring 23]
 - c. Texas Heart Institute (\$60,000 - \$80,000) [Part Time: Fall 23 – Fall 24]
 - d. Biomechanical Research Institute (Part Time: Spring 25 – End of Master's: \$55,000 - \$75,000)
3. Graduate with master's and get job for **3-5 years** (equivalent to \$270,000 - \$500,000 total)
 - a. Axiom Space Inc (Full Time: \$70,000 - \$85,000) [1-2 years]
 - b. JES Tech (Full Time: \$125,000 – \$155,000) [3-4 years]
4. Startup Period **7-10 years**
 - a. Build startups and find management positions to keep the operations running
5. Real Estate Period **10-12 years**
 - a. Buy and flip properties
 - i. Start slow and figure out what works
 - ii. Move on to rapid flips (1/week) [\$50,000 - \$80,000 profit / property]
6. Venture Capital Period **3-5 years**
 - a. Start a VC firm
 - b. Hire talented investors and technical leaders
 - c. Cash out at \$120MM

Activity	Low Duration	High Duration	Low Earnings	High Earnings
Startups V1	-	-	\$100,000	\$300,000
Job Experience	-	-	\$130,000	\$175,000
Post-grad Jobs	3 years	5 years	\$515,000	\$705,000
Startups V2	7 years	10 years	-	-
Real Estate	10 years	12 years	\$26MM	\$49.9MM
Venture Capital	3 years	5 years	33%/yr. for 5 years	30%/yr. for 3 years
Total	23 years	32 years	\$110MM
